

**DLA16**

The DLA16 is a massage chair designed to present the very essence of a luxury massage chair, with the minimal footprint and the most affordable price. Unlike those mini massage chairs, the core elements of the DLA16, such as a massage mechanism, backrack and soles rollers, are exactly the same as a luxury massage chair, giving it a much better massage experience than a mini massage chair.

Hi-performance mechanism

Body sensing

S&L back track

Zero space

Zero gravity

Dual side leg massager

Free of installation

Model	DLA16
Dimension	Reset position: 130*67*120cm Reclined position: 160*67*80cm
G.W.	85kgs
N.W.	73kgs
Air bags	32pcs
Track length	130 cm
Container loading quantity	44pcs/20ft (appr); 88pcs/40HQ (appr)

### S&L track

130cm length, allows the back roller to massage from head to thigh, maximize the coverage of the back roller. The S curve backtrack makes it possible for a deeper neck&waist massage.

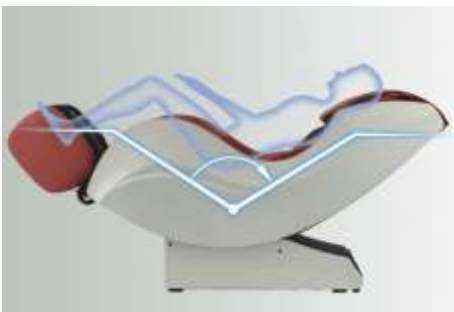

### Full-size back mechanism

Same with luxury massage chairs, with 4 silicon gel rollers, performs 6 massage methods

### Body scan

The roller mechanism can scan the user's body height, and adjust itself automatically to adapt the user, the maximum height can be 185cm.

### Zero gravity

Help release spine stress, and fully relax your body.

### Zero space

Sliding forward while the chair is reclining down, minimize the space required for the backside area.

### 2 in 1 leg massager

Rotatable design, offer roller and air massage for calf or sole.

Our company and products conform to ISO 9001:2000 quality management system standards, NCRS and have been awarded CE Certification.
